### **DETAILED ACTION**

Applicant's Amendment filed 10/28/08 has been entered and carefully considered. Claims 1-5 have been canceled. New claim 6 has been added. Limitations of new claim has not been found to be patentable over newly discovered prior art, therefore, claim 6 is rejected under the new ground rejection as set forth below.

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 6 is rejected under 35 U.S.C. 102(b) as being anticipated by Hrivnak (USP 2,042,403).

Hrivnak discloses a needle threader inherently can be used for weaving permanent loops on braid sized section of hair (fig. 7) comprising a smooth round shaft (E) having a first end (F) and a second end (B) being round, the first end defining a probe portion (E) being cylindrical not tapered, a hollow oval shaped intermediate portion (D) and an elongated hollow terminal pinched portion (C) substantially reduced in width relative to the intermediate portion, the pinched portion being at angle flat relative to the oval intermediate portion. Applicant is noted that all the claimed structures have been shown, the intended use is not given patentable weight.

#### ***Conclusion***

Applicant's arguments with respect to claim 6 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
